Austria

Dear Mr. LI Yong, Director General of UNIDO

On behalf of Samsung Electronics, I extend my warmest regards and congratulations to UNIDO on its 50<sup>th</sup> anniversary. I am pleased to express my respects on what UNIDO has achieved in many countries for the past 50 years.

During the period, UNIDO has achieved many needed and necessary works for the people in remote and less developed areas in the world. I am proud of that Samsung Electronics was a part of the great journey of UNIDO through the UNIDO-Samsung partnership project conducted in Cambodia over three years from July 2012 to October 2015 (Project Title: Creating employment opportunities and ensuring effective e-waste management in Cambodia). Through the project, I had opportunity to work closely with professionals of UNIDO and found that they were highly effective in coordinating diverse opinions from multi-stakeholders, including governments, non/for profit organizations, and final beneficiaries. With these professionals, I believe that UNIDO could be one of the pioneer organizations to make a better world.

Once again, congratulations on the 50<sup>th</sup> anniversary and the achievements of UNIDO. I wish you hold the continuous position as a frontier in connecting people in less developed countries to a better life through sustainable and environmentally sound industrial developments.

Best regards,

**Youngjin Suh, Ph.D**
